BUILDING BIGGER DREAMS

ABEKO is Building Bigger Dreams

SINCE THE BEGINNING OF THE 1970s ABEKO HAS BEEN PROVIDING THE HIRE OF SPECIALIZED AND IN HOUSE DEVELOPED EARTH MOVING MACHINERY TO CUSTOMERS THROUGHOUT THE WORLD AND ESPECIALLY IN EUROPE, THE MEDITERRANEAN AND MIDDLE EASTERN COUNTRIES, FOR LAND BASED, MARINE AND INTERTIDAL APPLICATIONS.

OUR BROAD TECHNICAL EXPERTISE AND EXPERIENCE, ACQUIRED OVER THE COURSE OF FORTY YEARS, TOGETHER WITH OUR GREAT PASSION AND COMMITMENT IN SEARCHING FOR THE BEST SOLUTION IN A CREATIVE WAY, RESULTS IN INNOVATIVE AND COST EFFECTIVE SOLUTIONS TO OUR CUSTOMERS NEEDS.

WE ARE BUSINESSLIKE BUT INFORMAL AND WITH BOTH FEET ON THE GROUND WE WILL LISTEN, COMMUNICATE AND ADVISE. WE BELIEVE THAT THERE LIES THE SOLID BASIS FOR A FRUITFULL AND LONG TERM RELATIONSHIP WITH OUR CUSTOMERS. MOST LARGE INDUSTRIAL PROJECTS INVOLVE LONG PROGRAM DURATIONS WITH SUBSTANTIAL PLANT INPUTS. BY CAREFUL SELECTION OF MACHINES TO SUIT THE SPECIAL NEEDS OF EACH OPERATION AND WHERE NECESSARY BY CONVERSION OF MACHINES TO SPECIALISED CONFIGURATIONS WE CAN ACCOMPLISH THE UNIQUE CHALLENGES OF COMPLEX PROJECTS.

WE BELIEVE THAT PLANT HIRE INVOLVES MUCH MORE THAN HANDING OVER A MACHINE IN EXCHANGE FOR HIRE PAYMENTS. WE SEEK TO ENSURE THAT OUR CUSTOMERS HAVE THE CORRECT MACHINES FOR THE JOB AND ARE ADVISED ON THE BEST COMBINATION OF MACHINES AND METHODOLOGY TO ACHIEVE A COST EFFECTIVE, EFFICIENT AND SAFE SOLUTION.
